# Angelo Morancil

Team Lead / Software Developer

## WORK EXPERIENCE

Team Lead

May 2023 – Present

### Green Module Systems | Bacolod City

Working with the Project Manager to manage timelines. Plan weekly tasks and ensure the completion of all projects in time. Also responsible for first stage verification of weekly tasks, assigning tasks to developers, analyzing and resolving technical and application problems, ensuring the coding standards and documentation are observed and reporting any blockers to the Project Manager

Software Developer

September 2021 – April 2023

### Green Module Systems | Bacolod City

Responsible in designing a software program and identifying areas for modification in our existing programs and developing these modifications. And do meet with clients to determine their software needs and testing software to ensure functionality.

Software Support

March 2021 - September 2021

### No 1 Supplier Inc | Bacolod City

Responsible for the quality and user experience of the website. Also designed and developed other modules for the website

Sales Support

August 2020– March 2021

### No 1 Supplier Inc | Bacolod City

Responsible in generating and monitoring the sales and productivity report of the company. Ensuring that the report will be sent to the Operations Manager and General Trade Manager for their Daily, Weekly and Monthly reports.

Freelance Web Developer / Graphic Designer

May 2020

### Rapid Digital Marketing | Bacolod City

Freelanced on a startup company. Developed and maintained an informative website about the services they offer and about the company. I am also responsible for their graphic designs for their Facebook Ads.

## SEMINARS

- GDG Bacolod DevFest (Firebase)
- GDG Bacolod I/O Extended Android Development (Kotlin)
- Introduction to Basic Wordpress
